

Pupil premium: Carnforth Christ Church CE Primary School

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Part A: Pupil premium strategy plan

Statement of intent

At Carnforth Christ Church Primary School we aim to:

- diminish the difference between disadvantaged and non-disadvantaged pupils;
- enable all disadvantaged pupils to achieve or exceed nationally expected attainment and progress;
- rigorously track academically able pupils from disadvantaged backgrounds who are most at risk of under-performing and
- support the holistic development of each and every pupil in our care.

We strive to do this by following a tiered approach and using quality first teaching, targeted academic support and a wide range of strategies to support all pupils (EEF 2021).

At Carnforth Christ Church Primary School we have high expectations for all pupils, regardless of background or barriers to learning. We recognise every child as an individual, and is unique, made in God's image, and will make good progress from their respective starting points. We aim for all pupils to have access to high quality and effective interventions led by experienced, trained professionals which will enable pupils to progress rapidly when gaps in their learning emerge. Interventions will also be used to ensure that our pupils know more and remember more and deepen their learning. All interventions will be rigorously monitored and their impact evaluated. We will also ensure all vulnerable pupils have access to a wide range of enrichment experiences both in and out of school which will positively impact pupils' academic achievement and wellbeing; enabling them to 'live by the spirit' 'life in all its fullness' (John 3:24).

At Carnforth Christ Church Primary School we provide mental health and wellbeing support for pupils and parents. Our team also work closely with families to support attendance and ensure individual family needs are met.

We also believe that not all pupils who are socially disadvantaged or vulnerable are registered or qualify for pupil premium. Therefore, we reserve the right to allocate the pupil premium funding to support a pupil or group of pupils who have been identified through needs analysis as socially disadvantaged or vulnerable. Overcoming barriers is at the heart of our pupil premium use and we understand that needs and costs will differ depending on the barriers being addressed. Taking this into account, we do not allocate personal budgets, the school identify the barrier to be addressed and the interventions required. This could mean interventions are conducted in small groups, large groups, the whole school or as individuals, and allocate a budget accordingly. This enables us to implement a combination of short, medium and long term interventions and align pupil premium with wider school improvements and pupils' readiness to learn.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1 Academic Achievement	Narrowing the attainment gap in reading, writing and maths for our disadvantaged pupils.
2 SEND	Some of our pupil premium children have Special Educational/Additional needs.
3 Mental Health/Wellbeing	Mental health wellbeing challenges have been enhanced further by the pandemic.

Intended outcomes

This explains the outcomes we are aiming for by the end of our current strategy plan, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
All pupil premium pupils will make good progress from their individual starting points.	Internal and external progress and attainment data demonstrates this in EYFS, KS1 and KS2.
To increase the % of pupil premium pupils meeting ARE and GDS in reading, writing and maths.	The percentage of pupils achieving ARE and GDS in reading and writing and maths has increased from summer 2021 data.
To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils.	Sustained high levels of wellbeing demonstrated by: <ul style="list-style-type: none"> • qualitative data from student voice, student and parent surveys and teacher observations • a significant increase in participation in enrichment activities, particularly among disadvantaged pupils

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) this academic year to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

Due to COVID-19, performance measures have not been published for 2020 to 2021, and 2020 to 2021 results will not be used to hold schools to account.

The following are examples of the positive impact of the pupil premium funding in 2020/21

- End of Key Stage internal data showed that disadvantaged pupils achieved in line with their peers.
- Year 1 phonics results (taken later in the autumn term) showed that disadvantaged pupils achieved in line with their peers. Every disadvantaged child achieved the expected standard.
- All pupils had access to a broad and balanced curriculum that incorporated regular enrichment opportunities, regardless of their backgrounds.
- All KS2 pupils had equal opportunity to attend the adventure days in Coniston (in place of the usual residential). Every child attended.
